# The Charted Course

## SEEDTIME AND HARVEST

***"While the Earth remained seedtime and harvest, cold and heat, day and night shall not cease."*** Gen 8:22

Well, as of today, day and night have not ceased. Check it out! Is it still getting dark outside at night, and is it still dawning a new day the next day?

I have good gospel news for you, then, my friend! **This is a covenant promise, and every covenant in the Bible is fulfilled in the covenant God made with His Son Jesus at Calvary.**

This promise has to do with the destruction of the curse that was put on the earth and the promise of future provision by seedtime and harvest!

This is an awesome promise, because **whatever curse the devil would try to place on your life is broken when you sow your seed! Whatever curse that is on your life through disobedience is broken when you sow your seed!**

The seed you sow will bring a harvest! You will reap what you sow!

You have been sowing unto righteousness, you've had seedtime, now see that ***it is time for the harvest!***

**You don't know how you are going to break free, but sow a seed, be faithful, and know your harvest is coming!**
